CALIFORNIA REVENUE & TAXATION CODE PROVISIONS

The amount of each prepayment shall be 25 percent of the amount of the annual insurance tax liability reported on the return of the insurer for the preceding calendar year.

In establishing the prepayment amount of an insurer who has acquired the business of another insurer, the amount of tax liability of the acquiring insurer reported for the preceding calendar year shall be deemed to include the amount of tax liability of the acquired insurer reported for that year.

The Commissioner may relieve an insurer of its obligation to make prepayments where the insurer establishes to the satisfaction of the Commissioner that either the insurer has ceased to transact insurance in this state, or the insurer's annual tax for the current year will be less than five thousand dollars (\$5,000).

A late payment will subject the insurer to a penalty of 10 percent, plus interest.
